Supplemental Reporting

Miscellaneous Modification Reporting Footnote

In the absence of specific guidance in the governing agreements, Wells Fargo Bank, N.A. has determined that a reduction in principal agreed to by a servicer in connection with a loan modification should be treated in a manner similar to a realized principal loss on the related loan.

Extraordinary Costs and Expenses

Wells Fargo Bank, N.A. is processing an expense charge to recover extraordinary costs and expenses incurred as a result of the enhanced administration of residential mortgage backed securities transaction(s) necessitated by significant and/or unanticipated changes in industry and market conditions. These extraordinary costs and expenses may be adjusted periodically.

Information Relating to Forbearance Modification Reporting

Wells Fargo's practice, as master servicer, securities administrator or trustee, is to report and allocate principal forbore in connection with mortgage loan modifications ("Forborne Principal") as losses or non-losses, including mortgage loan modifications made pursuant to the Home Affordability Modification Program, as explicitly and clearly reported to Wells Fargo by the servicer of the modified loan. From time to time, Wells Fargo may receive information from a servicer that revises or clarifies the servicer's intent about its treatment of Forborne Principal ("Supplemental Servicer Reporting"). If this occurs, Wells Fargo's practice is to revise its reporting of Forborne Principal to conform to the Supplemental Servicer Reporting. This may result in the recognition and allocation of Forborne Principal as a loss after the modification date of a mortgage loan by the servicer or the reversal of a prior recognition and allocation of Forborne Principal as a loss.

Reclassification of Forborne Principal

Wells Fargo's practice is to classify, or reclassify, Forborne Principal on the first distribution date on which it is reasonably practicable to do so after Wells Fargo determines that it has received the Supplemental Servicer Reporting, which, due to the time and effort necessary to review, verify, and process such Supplemental Servicer Reporting, may be several reporting periods after Wells Fargo determines that it has received such reporting (such distribution date, the "Target Reporting Date").

Information Relating to Forbearance Modification Reporting, continued

Restatement of Distribution Reports to Loan Modification Date

Wells Fargo will not restate distribution reports to reflect losses or gains attributable to Forborne Principal as of the date the servicer modified the loan if the Target Reporting Date is later than the normal reporting cycle for monthly servicer activities.

Restatement to Target Reporting Date

In certain circumstances, Wells Fargo may restate distribution reports from the Target Reporting Date if Wells Fargo determines that it did not apply Forborne Principal in the manner specified in the Supplemental Servicer Reporting on the Target Reporting Date. Wells Fargo's practice is to restate previous distribution reports to the Target Reporting Date only if the restatement would have a significant impact on cash distributions to any class of certificates after the Target Reporting Date. If Wells Fargo determines that restating previous distribution reports to the Target Reporting Date would have a significant impact on cash distributions to any class of certificates after the Target Reporting Date, then Wells Fargo's practice is to restate the distribution reports to the Target Reporting Date and include additional footnoting or reporting describing the restatement.
